Complementary Fitting Form

Instructions for Measuring Coat-Jacket, Pants, Shirt

COAT-JACKET

- 1) Measure around chest just under arms.
- 2) Measure around arms & chest in the same area, with arms hanging at side in relaxed manner. (This would offer data as to whether heavy forearm or regular).

CHEST _____ ARMS CHEST _____
 HEIGHT _____ WEIGHT _____

PANTS

- 1) Measure waist ABOVE hip bone.
- 2) Measure outseam from ABOVE hip bone to floor (stocking feet)
- 3) Measure inseam from crotch to floor (stocking feet)

WAIST _____ SEAT _____
 OUTSEAM _____ INSEAM _____

SHIRT

- 1) Measure from center back across and over top of shoulder then on down to the hollow of wrist, keeping arm straight down.
- 2) Measure around neck WITH finger UNDER TAPE at about tightness you wish shirt collar to feel.

ARM _____ NECK _____

All measurements should be fairly taut, please.
